

## PRAYER LETTER SUMMER CAMP January 2023

Hi friends and partners

This past January, we had our summer Bible camps. For the first time, Carol, the girl that used to go as a camper, now went as a volunteer.

Also, we had 24 more children and teenagers that went to the January camp season.

Also, for the first time, we had a group go from the Good News Baptist Church. For those of you who know Ken and Jerilyn Bayer, they helped to plant this church and it was where Chain of Love attended for many years. They sent 6 kids from poor communities they are reaching using our scholarships.

Our ballet studio is beginning in March again. We received a special offering to install air conditioning. This is going to be so much better for the students. Especially in January and in July.

I would like to ask you to pray for Viviane. She is one of my students. She needs to go back to university this month. She registered to do a test to try to get a job at the Banco do Brasil (Bank of Brazil). She is suffering with a infection in her remaining kidney. She lost the other one already.

Please continue to pray for:

- More students in our ballet school.
- Wisdom for the professors (Cristiane and Sheila) to deal with children, moms and administrate their time.
- Viviane. Health and wisdom.
- Next camp season in July. For scholarships and that the kids who go would be been touched in their hearts by the Holy Spirit.

Thank you for your prayers and supporting.
